Reissue Application of U.S. Patent  
No. 6,089,701 issued on July 18, 2000

Filed: Herewith

For: INK JET RECORDING HEAD HAVING REDUCED STRESS CONCENTRATION  
NEAR THE BOUNDARIES OF PRESSURE GENERATING CHAMBERS

**REISSUE DECLARATION UNDER 37 C.F.R. § 1.175**

We, Tsutomu HASHIZUME, Tetsushi TAKAHASHI, and Akira MATSUZAWA, all of  
Japan, do hereby declare and state as follows:

Our residence, post office address and citizenship are as stated below next to our names.

We believe that we are the original, first and joint inventors of the invention "INK JET  
RECORDING HEAD HAVING REDUCED STRESS CONCENTRATION NEAR THE  
BOUNDARIES OF PRESSURE GENERATING CHAMBERS" which is described and claimed  
in the above-identified U.S. Patent No. 6,089,701 issued on July 18, 2000 and assigned to  
SEIKO EPSON CORPORATION, the specification of which is submitted with this application  
for reissue; and that we have reviewed and understand the contents of the specification, including  
the new claims, as added in this application for reissue.

In compliance with 37 C.F.R. § 1.175(a)(7) and 1.63(b)(3), we hereby acknowledge our  
duty to disclose information of which we are aware which is material to patentability as defined  
in 37 C.F.R. § 1.56.

In compliance with 37 C.F.R. §§ 1.175(a), we hereby declare and state that the above-identified U.S. Patent No. 6,089,701 is believed to be at least partly inoperative for the reason that we claimed less than we had the right to claim in the patent.

The purpose of seeking a reissue patent is to correct the insufficiency in the patented claims by presenting new claims which are commensurate with the true scope of our invention.

Pursuant to 37 C.F.R. § 1.175(a)(1), we state as follows at least one error in the patent, which is relied on as a basis for this reissue. The patented claims 1 - 12 are apparatus claims directed to an ink jet recording head. The specification also describes process steps for forming the inventive ink jet recording head, but there are no claims directed to the method. Therefore, new claims directed to the method of forming an ink jet recording head in accordance with the invention, are hereby added by this reissue to correct an error in claiming less than we had a right to claim.

Pursuant to 37 C.F.R. § 1.175(a)(2), we state that all errors being corrected in the reissue application up to the time of filing this declaration arose without any deceptive intention.

We hereby appoint John H. Mion, Reg. No. 18,879; Thomas J. Macpeak, Reg. No. 19,292; Robert J. Seas, Jr., Reg. No. 21,092; Darryl Mexic, Reg. No. 23,063; Robert V. Sloan,
